

# Stop & Frisk - Brooklyn 2016

Stop ratio by city

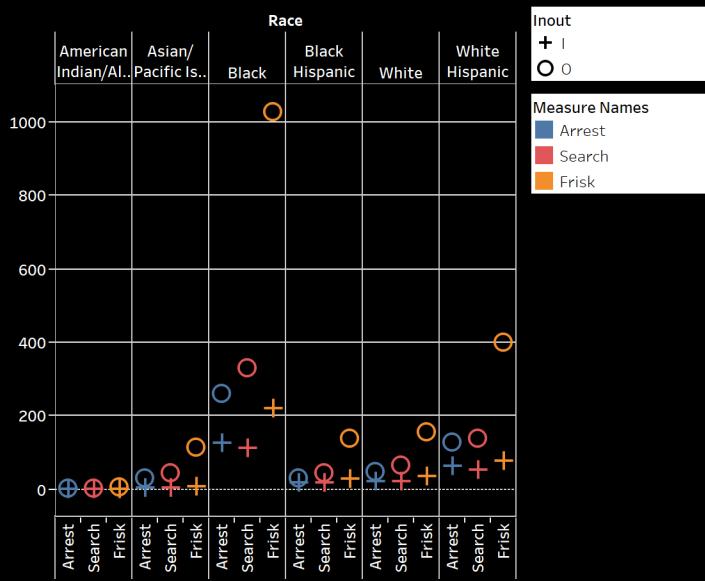

Number of stops inside and outside for male and female in Brooklyn

A total of 259 females and 3,283 males were stopped.

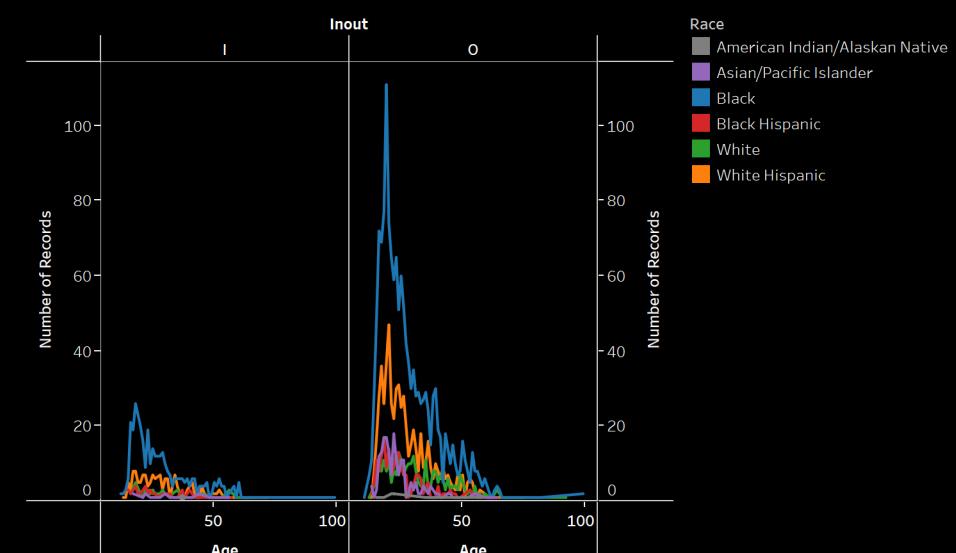

There were a total of 7,939 frisks, 2,958 searches and 2,643 arrests made in 2016. The most number of people involved are black and white hispanic. However, the arrest rate of the blacks and whites are 20% each which shows there is no partiality.

Number arrests, frisks and search made for each race

The most number of people stopped are between the age of 17 and 20. Kids aged between 5-10 have also been victims of the Stop and Frisk policy. This may have a negative impact on the kids mind.

Number of stops inside and outside per age group for each race
